Established in 2018, Secolo is a contemporary design brand founded on a unique blend of ideas, a desire to push the boundaries and an unwavering ambition to create something unseen.

Today, Secolo operates out of three principal locations; a flagship showroom and office in Milan, a non-showroom studio in London and an operations and production center in the manufacturing region of Tolentino, Italy.

Secolo's approach to manufacturing is centered on attention to detail at every stage of the process. Because of this, Secolo pieces are made-to-order by skilled artisans who employ traditional manufacturing techniques to ensure long-lasting, quality products.

Secolo contrasts the traditional nature of its manufacturing chain with forward-thinking aesthetics and innovation, resulting in a collection of works that feel both familiar and entirely new.

Secolo is a contemporary design brand focused on creating works which combine forward-thinking aesthetics and innovation with artisanal manufacturing and high quality, locally sourced materials, resulting in a collection of works that feel both familiar and entirely new.

100% Made in Italy, Secolo products are a unique combination of sculptural forms, functional elements and elegant detailing.

Yamata Sofa

Yamata sofa is a modular sofa with a twist. Lightly influenced by our Tateyama sofa, Yamata has multiple components that can be configured to create both simple sofas and complex weaves of comfort. Featuring soft curves from start to finish, from base to backrest, Yamata is a testament to the impressive capabilities of Secolo’s artisanal production. Yamata sofa is available in a number of leather and fabric upholstery options while the base is customisable in a number of lacquered finishes both matte and high gloss.

Technical Details

Seat: Intricate plywood structure with elasticated webbing supporting varying layers of non-deformable foam.
Back: Intricate plywood structure with hand carved layers of non-deformable foam.
Lined and upholstered in any of our range of fabrics or customers own material. Continuous MDF base hand finished and lacquered in either matte or high gloss.
Felt glides. Upholstery non-removable. Comes assembled.

Serra Sofa

The Serra sofa is an elegant sofa that plays on notions of tradition and innovation. With a minimal and restrained frame, Serra sofa features a meandering back that curves and twists to fill any living space. A modular sofa, Serra can be assembled in a number of compositions, each one encouraging the users to come together and connect. Inward facing and moment embracing; Serra is available in any of our wood stains and a number of leather and fabric options.

Technical Details

Structure: Curved MDF fully covered in a brush sanded wood veneer. Seat and back: Varying layers of non-deformable foam and feathers. Lined and upholstered. Cushions come with a built in fixing system. Comes assembled.

Tadao Sofa

Plainly taking influence from Brutalist architecture and those who pioneered it, the Tadao sofa is characterised by a square, oversized support that wraps and holds in place soft, enveloping cushions. Brutalism doesn't try to hide but instead is proud of every element, by the same token, Tadao's exposed structure adds functionality, the unique proportions offering ample space to rest an arm, a glass or a book. Tadao is available upholstered in a number of our leather and upholstery options with characterising oversized stitching.

Technical Details

Structure: MDF construction fully upholstered. Felt glides.
Seat: Wood structure with elasticated webbing supporting varying layers of non-deformable foam and feathers. Lined and upholstered.
Cushions: Foam structure with feathers. Upholstery non-removable. Comes assembled.

B15Z Maxi Lounge Chair

Oversized, comfortable and enveloping; B15Z Maxi is a chaise-longue-style addition to the family in the style and comfort of Tateyama and B15Z. Enough space to curl up on, B15Z Maxi opens up a world of possibilities within the home. Featuring the same soft curves synonymous with the rest of the family, B15Z Maxi is available in a number of upholstery options.

Technical Details

Seat: Intricate plywood structure with elasticated webbing supporting varying layers of non-deformable foam.
Back: Intricate plywood structure with hand carved layers of non-deformable foam.

Lalea Lounge Chair

The Lalea lounge chair is somewhere you don't want to leave, an island that is both isolated and comfortable. Resembling a floating cloud, Lalea lounge chair is designed to feel exactly like that. Lalea consists of two perfectly complementing parts, the first an intricately detailed leather shell, within it, a soft and bulky set of cushions giving maximum comfort. The contrast between the taught leather of the shell and the loose billowing fabric of the cushions is further highlighted by the possibility to customise both parts in a number of leathers and fabrics both matching and contrasting.

Technical Details

Carved solid plywood construction, padded and upholstered. Feather and foam loose cushions with anti-slip detailing. Comes assembled. Felt Glides.

B15Z Lounge Chair

B15Z is named after a huge iceberg that broke away from an even larger ice shelf in Antarctica. B15Z looks like it was a piece of Tateyama but works as a perfect accompaniment or on its own. It is slightly over-sized and extremely comfortable. Available in two standard sizes, B15Z is a soft lounge chair perfect for any situation or setting.

Technical Details

Futura Sofa

Futura is a series of units designed to be assembled into unique, unexpected forms. The pieces are unified by an expansive back that continues from end to end connecting one piece to the next across a series of surprising angles. The inside and outside of the sofa are contrasted in both forms and detailing, the result of which is a comfortable, enveloping sofa with a unique and contemporary twist.

Technical Details

Back: wood structure with rigid foam, lining and upholstered.
Seat: wood structure with elasticated webbing supporting varying layers of non-deformable foam. Lined and upholstered.
Cushions: 100% feathers. Tone on tone stitching detail.
Upholstery non-removable. Comes in units. Hidden wood feet lacquered in black.

Asawa Lounge Chair

The Asawa lounge chair, accompaniment to the Asawa sofa, is characterised by a sculptural and organic back which seems to have grown from the ground up. A solid wood piece acts as the base for this curving and enveloping structure. Asawa is customisable in many fabric, leather and wood options.

Technical Details

Seat: Intricate plywood structure with elasticated webbing supporting varying layers of non-deformable foam.
Back: Intricate plywood structure with hand carved layers of non-deformable foam.
Lined and upholstered in any of our range of fabrics or customers own material.
Wooden foot: Solid wood piece stained in one of our wood finishes or any RAL colour. Plastic and felt glides. Upholstery non-removable. Comes assembled.

Asawa Sofa

The Asawa sofa is characterised by a sculptural and organic back which seems to have grown from the ground up. Two solid wood pieces act as the base for this curving and enveloping structure which wraps around the base of the sofa. The curved seat of the sofa means Asawa takes center-stage, always slightly away from the wall, opening itself up to the room from all angles. Asawa is available with 3 distinct sizes of seat as well as in an accompanying armchair version. Asawa is customisable in many fabric, leather and wood options.

Technical Details

Seat: Intricate plywood structure with elasticated webbing supporting varying layers of non-deformable foam.
Back: Intricate plywood structure with hand carved layers of non-deformable foam.
Lined and upholstered in any of our range of fabrics or customers own material.

Horizon Sofa

The Horizon sofa has been designed with a loose circular backrest. It rests on a metal frame allowing it to be rolled from one side to the other. Both the seat and the back can be upholstered in a number of different fabrics. The back can be upholstered in two opposing fabrics meaning the appearance of the backrest can be changed daily. The frame is available in a number of metal finishes including polished and satin variations.

Technical Details

Seat: Plywood construction with elasticated webbing supporting several layers of non-deformable foam. Lined and upholstered in any of our range of fabrics or customers own material.
Back: Free-moving, front and back padded and upholstered plywood circle with recessed fabric piping around perimeter.
Base: Bent 30mm steel tubing which acts as both the base of the sofa and support for the back with felt glides can be finished in any of our metal finishes.
Upholstery non-removable. Comes assembled.

Erwin Coffee Tables

The Erwin coffee tables take their name from the inflated, surrealist work of Erwin Wurm. Each coffee table consists of two elements, two elements that cannot exist without the other. The shape of each table is dictated by the weight of the marble compressing it into shape. What appears an unstable, temporary assembly is actually a carefully crafted piece in wood and marble that is available in a number of lacquered finishes including both matte and high gloss options and in any of our collection of marbles and stones. The family consists of a large and medium version at the same height with a small, side table style piece that sits slightly higher.

Technical Details

Machine cut, hand finished MDF, pores sealed and sandblasted before lacquering in any RAL colour matte or high gloss. Insert is 20mm of any of our marbles or stones with the option of high gloss, matte or brushed finish. Comes assembled. Felt glides.

Moonrise Coffee Table

The Moonrise coffee tables are a contemporary and playful series that combine colourful, bold lacquer with the intricate patterns of natural stone. Soft, inflated forms remind us of the 1970's and make the Moonrise coffee tables an appealing addition to any space traditional or contemporary. Either paired together or alone, the Moonrise coffee tables are available in a number of lacquer options including both matte and high gloss options and in any of our collection of marbles and stones.

Romo Coffee Tables

The Romo coffee tables represent floating islands; substantial and intricately detailed tops offer pure functionality. Available in three sizes, Romo coffee tables combine lacquered wood with either marble or solid wood giving a huge number of customisation options. Lacquered wood traces each table from the base to the top while an insert of an additional finish adds a highlight to the piece. The base of each table is available in a number of lacquered finishes including both matte and high gloss options. The insert is available in a solid wood finish, lacquered in matte or high gloss finishes or in solid marble.

Technical Details

Structure: Machine cut, hand finished MDF, pores sealed and sandblasted before lacquering in any RAL colour matte or high gloss.
Insert: 20mm inserted top is in marble, brush sanded wood veneer or lacquered MDF in any RAL colour matte or high gloss.
Comes assembled. Felt glides.

Romo SideTable

The Romo coffee tables represent floating islands; substantial and intricately detailed tops offer pure functionality. Available in three sizes, Romo coffee tables combine lacquered wood with either marble or solid wood giving a huge number of customisation options. Lacquered wood traces each table from the base to the top while an insert of an additional finish adds a highlight to the piece. The base of each table is available in a number of lacquered finishes including both matte and high gloss options. The insert is available in a solid wood finish, lacquered in matte or high gloss finishes or in solid marble.

Technical Details

Structure: Machine cut, hand finished MDF, pores sealed and sandblasted before lacquering in any RAL colour matte or high gloss.
Insert: 20mm inserted top is in marble, brush sanded wood veneer or lacquered MDF in any RAL colour matte or high gloss.
Comes assembled. Felt glides.

Kora Coffee Tables

The Kora coffee tables challenge the status quo, every element and every detail both unique and confident. Unpredictable tops change angle at every corner creating a shape unlike any other while the legs join the top at a slight offset and offer support from the outside of the piece. Two distinct heights allow for a range of compositions. The Kora coffee tables are available lacquered in both high gloss and matte finishes with the top also available in a solid wood finish.

Technical Details

Top: 50mm MDF, machine cut and hand finished sandblasted and pores sealed before either lacquering in any RAL colour matte or high gloss or applying brush sanded wood veneer.
Legs: Machine cut, hand finished MDF, pores sealed and sandblasted before lacquering in any RAL colour matte or high gloss.
Comes assembled. Felt glides.

Hiri Coffee Table

Hiri coffee tables are characterized by their asymmetrical, even accidental forms. Those 'accidental' forms are contrasted by deliberate and meticulous detailing in leather. Each piece being entirely upholstered as if to protect and preserve the discovered form. The many faces of the tables, each one accentuated by tone-on-tone stitching, come together to create something surprising that breaks convention. Hiri coffee and side tables are available in any of our leather options.

Technical Details

Plywood construction upholstered in leather. Tone on tone stitching. Upholstery non-removable. Felt glides. Comes assembled.

Kawa Coffee Tables

When a pebble is found on the beach, it's shape and texture tells the story of 1000 years. Kawa coffee tables are characterised by the same smooth, soft shapes that nature itself creates, perfectly coated and preserved at this point in time. The two tables act individually or as one to give added flexibility and functionality. Kawa coffee tables are customisable in a variety of lacquered and stained wood options.

Technical Details

Solid Ash wood base stained in various wood finishes. MDF top with pores sealed and lacquered in matte or high gloss finish. Felt glides. Comes assembled.

Tayma Coffee Table

Sometimes a shift occurs, seemingly impossible, no one knows when and no one knows quite how, yet the result of it will remain for the foreseeable. The Tayma coffee represents one of these shifts. Solid stone or wood pieces have been perfectly cut to reveal a metallic detail. Tayma comes in both stone and lacquered wood options and in a high gloss or matte finish.

Technical Details

Top: 40mm layered mdf with full bull nose detailing finished with a heavy lacquer in any RAL colour matte or high gloss. A 2mm steel sheet lines each internal face & is finished in one of our metal finishes.
Feet: Layered MDF in half cylinder finished with heavy lacquer. 2mm metal sheets along inside faces. Base and top connected by embedded metal support. Felt glides. Comes assembled.

Arris Coffee Table

The Arris collection is an exploration into the lost value of marble and other precious stones. Instead of the stone being the feature of this piece, Arris protects it with a layer of metal, leaving the stone only as a delicate detail of the piece, visible only from certain angles. Available in both coffee table and side table sizes, Arris is customisable in both the metal and the stone options.

Technical Details

MDF internal and hidden construction with 4mm metal sheets covering large faces which can be finished in any of our metal finishes. 20mm machine cut stone slabs cover the remaining open faces. Stone can be finished in matte or high gloss. Rubber feet. Comes assembled.

Arris Side Table

The Arris collection is an exploration into the lost value of marble and other precious stones. Instead of the stone being the feature of this piece, Arris protects it with a layer of metal, leaving the stone only as a delicate detail of the piece, visible only from certain angles. Available in both coffee table and side table sizes, Arris is customisable in both the metal and the stone options.

Technical Details

Lock Side Table

Lock ignores symmetry and introduces unexpected proportions into the form of a side table. Lock is a side table that works anywhere – the 5 straight edges allow it to perfectly sit next to any other piece at a variety of angles. An extra-thick top challenges the normal hierarchy of a side table giving a presence that is unique only to Lock. Lock is available in any RAL colour in both matte and high gloss finishes.

Technical Details

Machine cut, hand finished MDF construction. Finished with a heavy lacquer in any RAL colour matte or high gloss. Comes assembled. Felt glides.

Laghi I Marble Dining Table

The Laghi Marble dining table leaves straight lines and regularity behind, characterised by its soft, flowing curves. The Laghi dining table marble is a dramatic yet unobtrusive dining table featuring a marble top supported by a lacquered structure. A single or double central base emphasises the dramatic and unique shape of the top. Softened corners give the whole piece a tactile and inviting feel. Available in any RAL colour and any of our marble options.

Technical Details

Machine cut, hand finished MDF, pores sealed and sandblasted before lacquering in any RAL colour matte or high gloss.
Steel support structure.
Top in 20mm marble, high gloss, matte or brushed.
Assembly required. Felt glides.

Laghi I Dining Table

The Laghi dining table is the successor to the Laghi coffee tables. Leaving straight lines and regularity behind, the Laghi dining table is a dramatic yet unobtrusive dining table. Finished in a monochromatic lacquer available in both matte and high gloss versions, the Laghi dining table is characterised by its soft, flowing curves. A single central base emphasises the dramatic and unique shape of the top. Softened corners give the whole piece a tactile and inviting feel. Available in any RAL colour.

Technical Details

Base: Machine cut, hand finished MDF and plywood layers with heavy lacquer finish. Base is hollow and contains steel support structure. Painted steel support plate is attached to the support structure which supports the top.
Top: Machine cut, hand finished MDF with heavy lacquer applied. Both parts available in matte and high gloss versions.
Assembling required. Felt glides.

Inge DiningTable

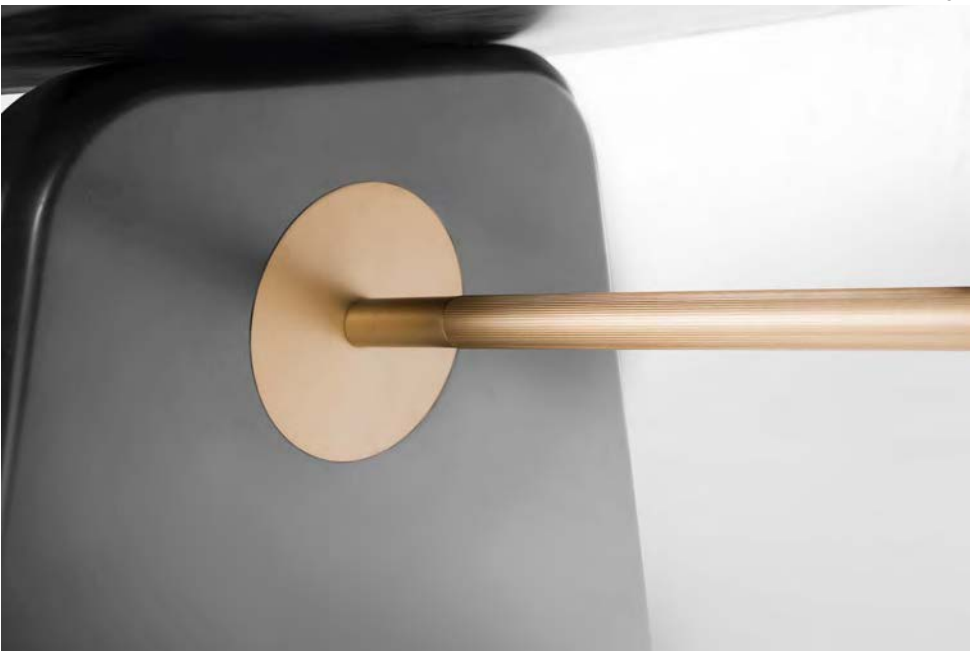

The Inge table features a striking top, supported by two large stone-like plinths. A beautifully detailed bar spans the distance between them and holds the two together. Inge takes its name from a famous rock formation in England but is heavily inspired by Japanese architecture. Available in a variety of customisation options.

Technical Details

Machine cut, hand finished wood pieces with heavy lacquer in matte and high gloss options. Two base pieces are held together by a 35mm tube with grooved detailing as well as heavy duty steel support plate. 20mm MDF heavy lacquer top with chamfered detailing. Felt glides. Base comes assembled. Top to be fixed on site.

Silo DiningTable

Silo Dining Table is an impactful piece designed to explore the usual characteristics of a dining table. For the Silo Dining Table the base and top communicate and coincide harmoniously, both working together to create a piece that is as visually striking as it is minimal and pure. The size and seeming weight of the top piece gives the entire table a sculptural feel. Each part of Silo can be customised in both matte and high gloss colour options and Silo is available in 3 distinct sizes.

Technical Details

Base: Machine cut, hand finished MDF and plywood layers with heavy lacquer finish. Base is hollow and contains steel support structure. Top connects directly to steel support structure.
Top: Machine cut, hand finished MDF with heavy lacquer applied. Both parts available in matte and high gloss versions with each piece individually customisable. Some assembling required. Felt glides.

Monith Dining Table

Monith is a proud dining table, unafraid to take center-stage. With imperfect top and asymmetrical legs, Monith is intriguing to the eye, acting not only as a functional object but as something to be observed and understood. Monith's imperfections do not make it any less functional, instead, they imagine a story of prior experiences and new beginnings.

Technical Details

Machine cut mdf panels, hand assembled, pores sealed and sandblasted before lacquering in any RAL colour matte or high gloss. Comes assembled. Felt glides. Water-cut extra-clear glass mirror top. Comes assembled. Felt glides.

Horus Dining Table

The Horus table is designed as a play on solid and empty space, providing a light yet striking appearance. The cylindrical base can fit within the metal frame or slightly away to emphasise the contrast between the two elements. The top and cylindrical leg can be lacquered in any RAL colour and the wireframe portion of the base can be in a number of metal finishes or colours.

Technical Details

Frame: Welded 20mm square section construction finished in any of our metal finishes. Column: Machine cut layers of MDF with heavy lacquer available in matte and high-gloss options. Top: Rounded 30mm MDF top with heavy lacquer sitting on recessed 2mm steel support plate. Table design allows for 3 different positions of metal frame. Felt glides. Assembling required.

Lock Console

Lock console is a monolithic object that stands as a single part. By losing the hierarchy between top and legs and allowing the would-be pieces to unify across common angles, three parts become one sculptural, yet minimalist console. Monochromatic and pure, Lock console is available in both high gloss and matte finishes.

Technical Details

Machine cut MDF panels, hand assembled, pores sealed and sandblasted before lacquering in any RAL colour matte or high gloss. Comes assembled. Felt glides.

Kara Console

Kara is a console centered on the acceptance of imperfection. An alluring, surprising shape of top is not only accepted but embellished and developed by the protruding legs that learn their shape and position from the top. The top and legs of the console are unified and act as one piece; the combination of which is a console that is unequivocally singular. Kara is available with a mirrored top to highlight the unique shape that it possesses and is available lacquered in both matte and high gloss versions.

Technical Details

Machine cut mdf panels, hand assembled, pores sealed and sandblasted before lacquering in any RAL colour matte or high gloss.
Comes assembled. Felt glides.
Water-cut extra-clear glass mirror top.

Roll Desk

Writing desk by day and Vanity Table by night; Roll desk is a minimal piece with four metal legs supporting a solid wooden top. The top is upholstered in suede or leather for easy and comfortable use with the option also for a marble or stone insert. The back legs are sculpted from one continuous loop, which acts as a rest for a loose, wooden-backed mirror which rolls from side to side. Both drawers are lined with a matching suede or leather base panel. Roll desk is available in different wood and metal finishes.

Technical Details

Legs: 30mm bent steel tubes with welded cross support finished in one of our metal finishes. Rubber feet.
Top: Solid Ash wood stained in a number of finishes with cut out to accept either leather or suede panel or marble insert. Wooden drawers, each with a loose leather or suede liner with stitching details.
Mirror: Solid Ash wood with inlaid extra-clear glass mirror. Wood can be stained in number of finishes.
Comes assembled.

Giove Mirror

Giove is a full length mirror supported by a polished marble base with an elegant metal structure. The back of the mirror can be upholstered in a number of different fabrics or with either a lacquered or natural wood finish. Giove can rotate inside its metal frame, offering comfortable functionality as well as new shapes and angles every time it is moved.

Technical Details

Solid marble base with internal steel structure. 30mm steel tube structure with 360 degree rotating internal section of 3mm steel, can be finished in any of our range of metal finishes. Wood-backed extra-clear glass mirror. Reverse side padded and upholstered in any of our range of fabrics, customers own material or lacquered in any RAL colour or one of our wood finishes. Felt glides. Upholstery non-removable. Comes assembled.

Aglaia Mirror

Aglaia is designed with the simple intention of bringing the beauty of nature into the house. The reverse of the mirror can be upholstered in any fabric or veneer. A seam in the middle allows the pattern to be mirrored across the middle in the same way a leaf grows simultaneously in two directions. The mirror is framed in brass or any other metal finish and the whole piece is made stable by a solid marble base.

Technical Details

Solid marble base with internal steel structure. 30mm steel tube structure connected to 360 degree rotating section of 3mm steel, can be finished in any of our range of metal finishes. Wood-backed extra-clear glass mirror. Reverse side with book-matched wood veneer or padded and upholstered in any of our range of fabrics or customers own material. Felt glides. Upholstery non-removable. Comes assembled.

Laghi Mirrors

Laghi mirrors draw inspiration from the various compositions achieved by the Laghi coffee table set. With internal and external curves as well as varying sizes of mirror, each composition can be completely unique. Laghi mirrors can be finished in any RAL colour with the option for a matte or high gloss finish.

Technical Details

Machine cut MDF with recess for extra-clear glass mirror. Finished in a heavy lacquer available in matte or high-gloss finish. Full 360 degree fixings allowing any angle of mounting. Comes assembled.

1931 Mirror

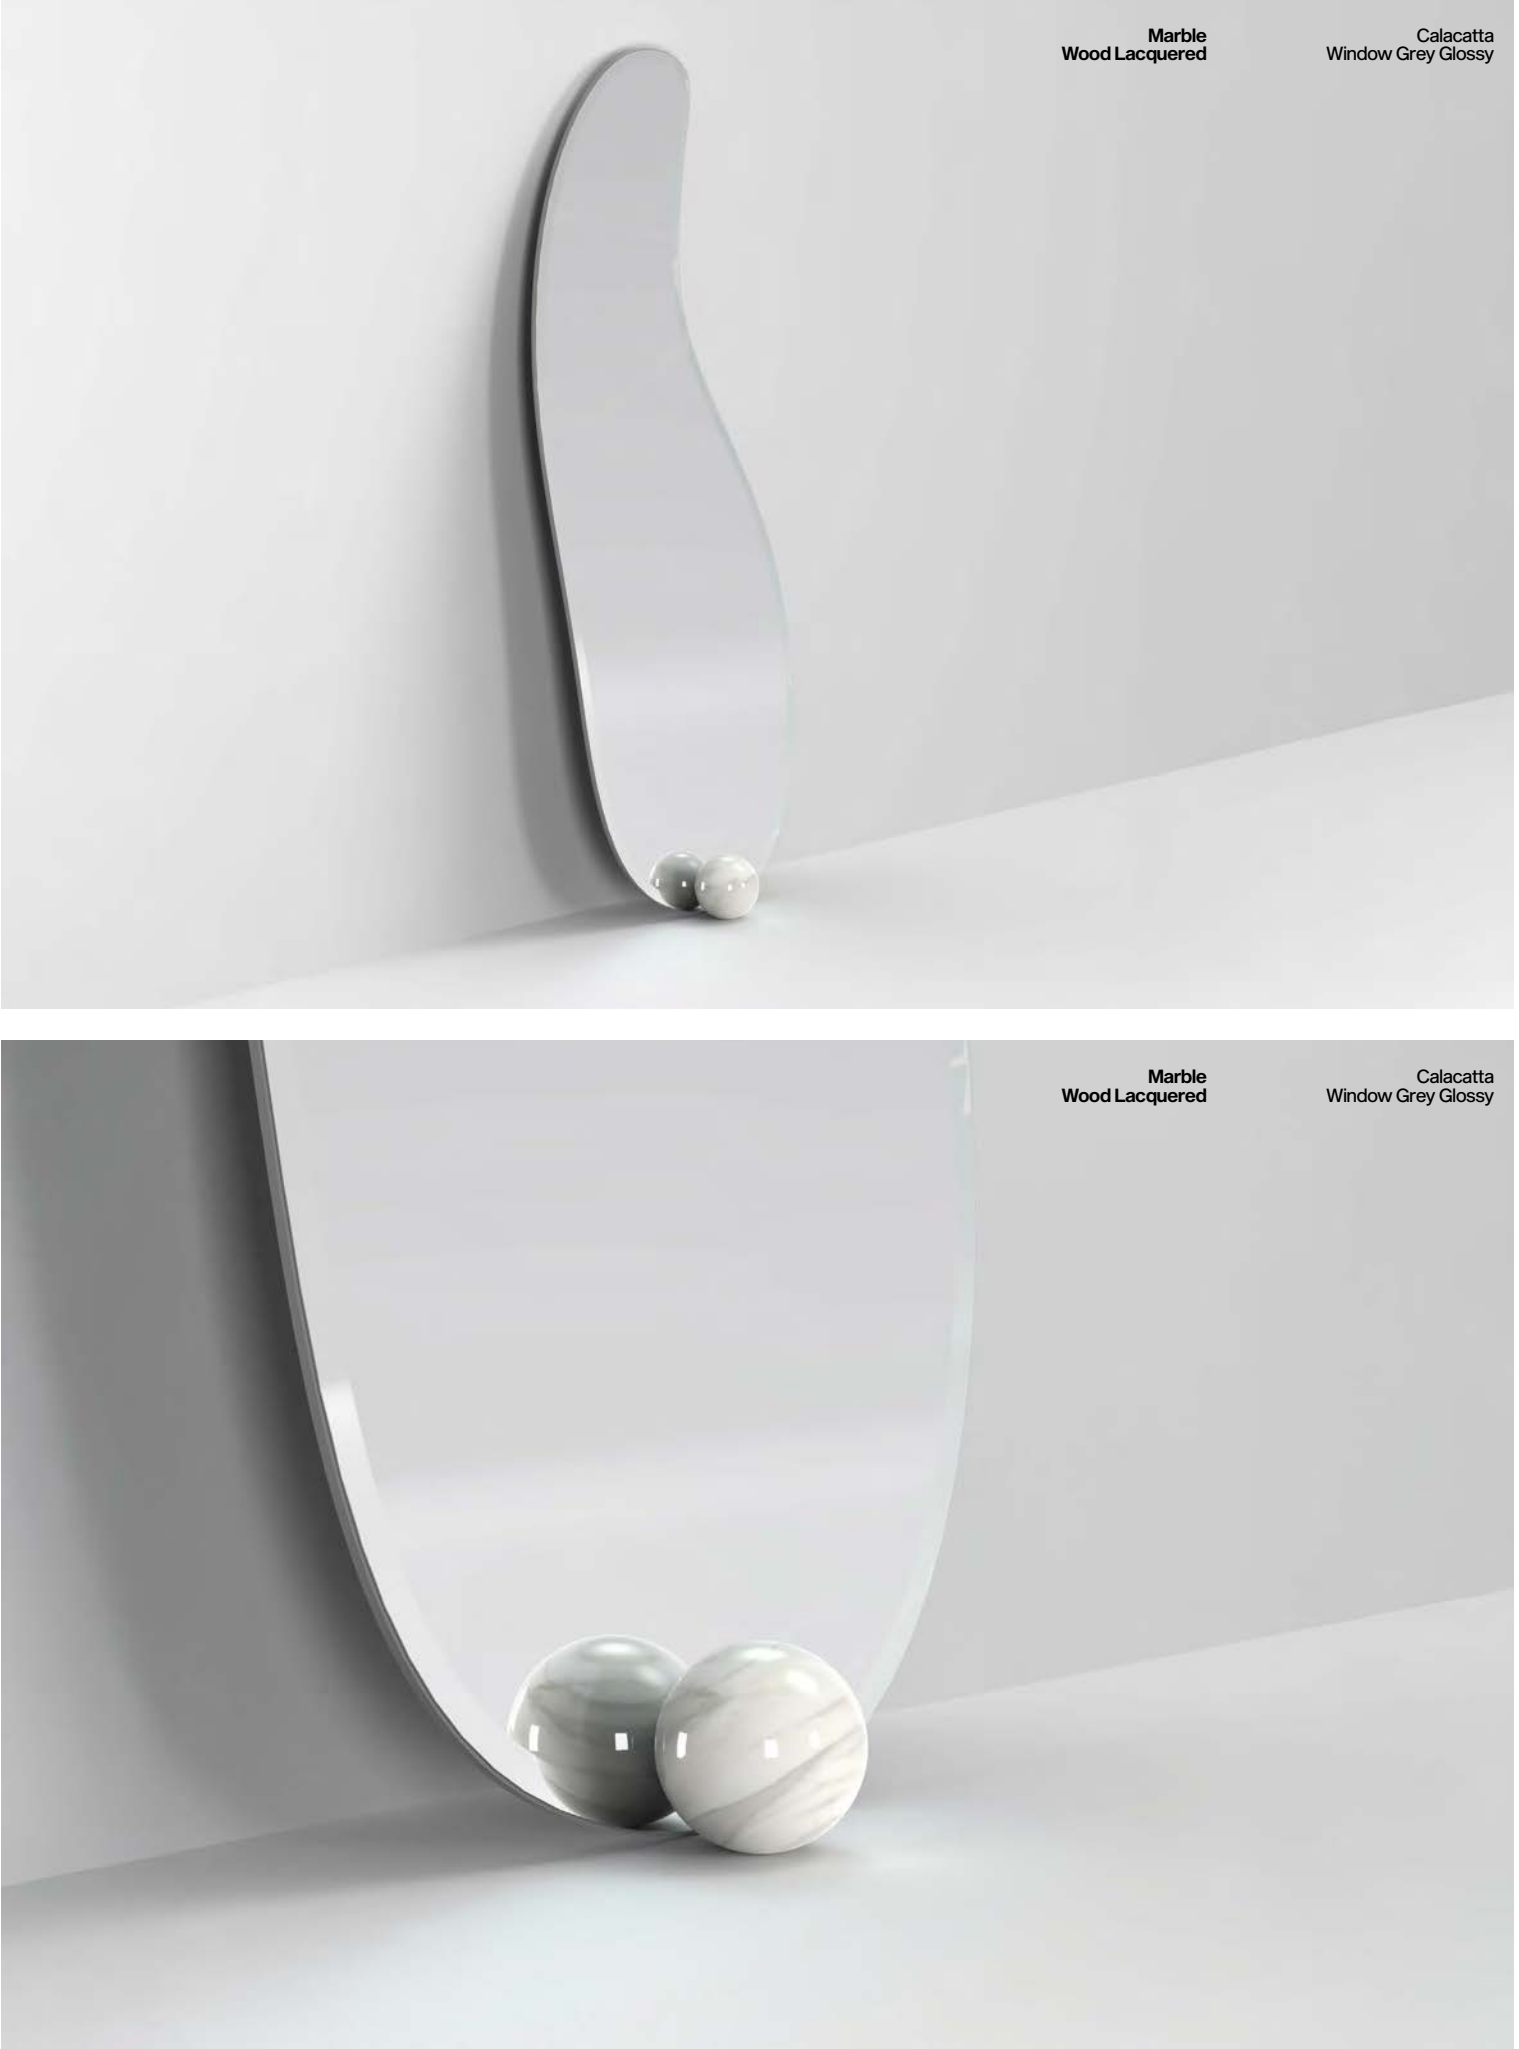

Inspired by the aesthetics and surrealism of Salvador Dali, the 1931 is an amorphous-shaped mirror, seemingly only held in place by a marble sphere. The mirror is backed in wood which can be lacquered in any RAL colour. Available in a variety of different stones and metal finishes.

Technical Details

Extra-clear glass mirror backed by MDF finished in a heavy lacquer available in matte or high-gloss options. Wall mount system included. Marble sphere with internal screw thread. Large flathead screw fixes the sphere through the mirror from behind. Assembling required.

Takada Mirror

The Takada mirror is a round top and bottomed mirror, made stable only by its connection to a separate, supporting arch. Both the mirror and arch are wrapped in a metal band which can be brass or any other metal finish. The back of the mirror and the two sides of the arch can be upholstered in fabric or lacquered in any RAL colour.

Technical Details

Structure in 3mm curved steel sheet customisable in any of our metal finishes.
Mirror: Wood backed extra-clear glass mirror. Non-mirror Panels can be finished in heavy lacquer or upholstery.
Felt glides. Upholstery non-removable. Comes assembled.
